REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicant has clearly defined deep-set to mean located below the depth of the lowermost end of a tubing string when the tubing string is installed in its final position in the well; barrier to mean a physical measure that is capable of forming a seal so as to prevent an uncontrolled release or flow of fluid from the pressure side of the barrier; and independent to mean maintaining the integrity of the barriers separately from each other. Thus, the use of two independently verifiable deep-set barriers in combination with the lowering of a tubing hanger and tubing string on a subsea wellhead in combination with the other limitations of independent claims 92, 98, and 103 render the claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to NICOLE COY whose telephone number is (571)272-5405. The examiner can normally be reached on M-F 7:30-5:00, 1st F off.
